

# Ride with me! only 10p a mile

Yes, Hermoine will be cycling approx 1,000 miles in 2 weeks in April. She is cycling the UK "end to end" from Lands End to John O'Groats.

Hermoine Booyesen, leader of the School of Biblical Studies and member of The King's Lodge leadership team, will take this challenge to ride her bike **to raise funds for The King's Lodge building project** (read more about this over the page).

Also, HAPPY BIRTHDAY & CONGRATULATIONS to Hermoine who turned 60 in January. What a way to celebrate her gift of life and ministry by partnering with her in this amazing challenge.

Just 10p a mile will make a huge difference!

Hermoine's Goal: "If just 200 people sponsor me 10p a mile (that's £100 each), I will raise £20,000 !!"

# Building the Nations, Constructing the Kingdom

## TKL Building Project

This map shows where we are from and where we have sent people to invest for the kingdom of God since April, 2009.

The King's Lodge has been training and sending missionaries to many nations since 1985.

Our trainees and leaders have been transformed in their lives and had great affect in many nations. God challenged us to build a new meeting room which will be called the "Annexe" to facilitate more people being able to be trained and sent out.

The Annexe will be a place of encountering the living God. We will worship, intercede for the UK and other nations, have fellowship over cup of tea and encourage one another by sharing God's word in that new meeting place.

We are so sure that we will build the kingdom of God in us, and reach out locally and internationally to build more of the kingdom of God.

This is not just a physical building project but also kingdom building.
